

Would you have kept your child off school before COVID?

Yes

No

Keep your child off school

Do they have:

- A new continuous cough
- A fever (high temperature over 38°C using a thermometer)
- A complete loss or change of smell or taste?

Yes

No

Keep your child off school and at home (and siblings)

Speak to 119 or go to the www.gov.uk/coronavirus website and arrange for a self-test to be done

Your child and your household must self-isolate until you have the result of this test

Does your child have an underlying chronic medical condition such as:

- Cystic fibrosis
- Immunodeficiency/immunosuppression
- Recipient of solid organ transplant
- Taking long-term steroids taken in tablet form (not including inhaler)
- Any heart problems requiring input from paediatric cardiologist
- Any blood disorders such as sickle cell disease or thalassaemia
- Neurological issues such as myotonic dystrophy, mitochondrial disorders leading to difficulties swallowing

Full list of vulnerable conditions available at: <https://www.rcpch.ac.uk/resources/covid-19-shielding-guidance-children-young-people#children-who-are-clinically-extremely-vulnerable>

Yes

No

Seek advice from your child's specialist health team

Kids who are otherwise well with:

- Runny noses
- Sore throats without a fever
- Mild colds

Can go to school **AS NORMAL**
